

COVID-19 CODE OF CONDUCT FOR CAROLINA CROSS CONNECTION'S LOCAL PROGRAM

IN CONSIDERATION for being permitted to attend the Carolina Cross Connection ("CCC") Local program, and/or for my children to so participate for any purpose, including, but not limited to, observation or church participation, or participation in any off-site program affiliated with CCC, I agree to the following Code of Conduct:

VEHICLES

- First and foremost, please follow your church's Safe Sanctuary rules.
- If at all possible, shuttle students from the church to the worksite so that no one is sitting right next to another person.
- Masks must be worn in the car and, if possible, windows need to be rolled down during the car ride.
- The vehicle must be sprayed with a disinfectant spray before anyone gets in and then again when they get out, even on the worksite.
- Have a restraint system for ALL passengers. North Carolina law requires that all passengers have a seatbelt. CCC does not permit passengers to ride in the back of a pick-up truck or in a vehicle that does not have restraints for passengers (e.g. cargo vans)

FEVER CHECK

I give permission for CCC to check my and/or my child's temperature every morning (using a forehead checking thermometer) before entering the church building or meeting area. I agree if mine or my child's temperature is above 100 degrees that I/we will leave the premises for the rest of the week.

COVID-19 NON-NEGOTIABLES

Due to the rules put out by the Center for Disease Control and Prevention ("CDC") and the North Carolina, Virginia, and Maryland Departments of Health we are working hard to make sure your week at CCC is in compliance. To ensure minimal-risk and protect the most vulnerable around us we are requiring:

- Temperature checks every morning before entering the church. If a participant has a fever over 100 they will be sent home and other participants and their parents will be notified immediately.
- A participant that has run a fever of over 100 up to two weeks before camp, or has had known exposure to someone with a fever in that 14 day period is not allowed to come to camp.
- Handwashing stations will be set up before the participant enters the church or meeting place, at the worksite, and at the lunch site. Handwashing will be required throughout the day.
- Masks will be worn any time participants could be within 6 feet of one another.
- Participants are always 6 feet apart. The only exception may be a few times on the worksite when assisting one another and in the car to and from the worksite.
- Individual water bottles will be used and recycling will be available.

- Lunches will be pre-packaged by a local deli and handed out with gloves by the CCC staff member. Only pre-packaged food will be allowed.
- Tools will be wiped down with a disinfectant wipe before and after use.
- All activities and work projects will be held outside, weather permitting. If it rains, activities will be moved inside with the same 6 feet apart rule and work projects will be canceled for the day. In that case the group would go back to the church.
- Worships, small groups, sharing, and work groups (“CMGs”) will consist of up to 8 participants. Each group of 8 will be assigned one CCC staff person, except in the case of a staff member having more than one CMG due to participant numbers.
- CCC Staff will arrive at the church or meeting place at 7:30 am to prepare for the day (campers are expected to arrive by 8:30 am) and will leave the meeting place at 8:30 pm. The time in between 8:30 pm and 7:30 am is the church’s responsibility.
- Additional rules will be outlined during Monday’s orientation. Rules will include but are not limited to: no physical touching, no sharing items without sanitization practices, no sharing phones, and photos taken need to follow social distancing rules.
- Honesty about your personal symptoms and the symptoms of those in your home.

If you cannot comply with these rules then they will be asked to go home.

STRONG RECOMMENDATIONS

CCC strongly recommends the following:

- Dinner (provided by the church) should be contracted out to a local restaurant and individually prepared.
- No more than 4 people in a vehicle
- Participants sleeping at home
- Practice strict social distancing two weeks before your camp week. Meaning, masks and no unnecessary traveling or out of the home shopping.
- No visitors during the camp week. If a visitor is necessary they need to follow the 6 feet, mask and handwashing protocol.

I acknowledge the code of conduct set up by Carolina Cross Connection for the Local program. I/we understand that if I/we cannot comply with these rules that I/we will be sent home. I/we understand the risks and recommendations stated above and choose to participate in Carolina Cross Connection’s Local program. I acknowledge that this document does not impact or amend the medical consent form.
