Plan B

LOCAL - \$200 per person

On March 1, 2021 we will make the decision to switch to LOCAL depending on scientific data and what is safest for everyone's health.

Those registered for Plan A programming will have first choice of dates for Local.

Local will provide churches the opportunity to serve their surrounding communities through Home Repair projects and Urban educational activities. Each week will be customized by church. Students and adults will serve daily from 9 am - 9 pm, Monday through Friday.

Carolina Cross Connection summer staff will travel to your church to help facilitate the projects, lunch, and in camp programming including but not limited to morning devotionals, sharing, games, small groups, and worship.

Churches will be responsible for providing breakfast and dinner.
